1. On 20 July 1953, source learned [REDACTED] 25X1
in Pasewalk that 50 percent of the troops would leave, with 20 percent earmarked for discharge and 30 percent for transfer. Forty of the available field kitchens allegedly discontinued operations.
2. On 20 July, source observed in Pasewalk that ex-VPs in civilian clothes and carrying baggage were shipped to the railroad station. It was rumored that about 400 VPs had been discharged between 19 and 25 July.
3. On 30 July, [REDACTED] 25X1
near the Potsdam Luftschiffhafen, Britzke (fnu), that, in a conference attended by all commanding officers of the KVP, it had been announced that 20,000 VPs would be discharged. The discharge would affect VPs with several years of service as well as VPs and employees who were considered politically unreliable or had violated discipline. 25X1
